RAM'S HORN, GREAT RACER, DIES QUITE SUDDENLY

(By Associated Press.)
NEW YORK, August 8.—Ram's Horn, a four-year-old colt by Bute Alton Toss, winner of this year's \$25,000 Brighton handicap and last year's Crescent City Derby at New Orleans, died today at his stall at Gravesend race track of inflammation of the bowels. Ram's Horn had been ailing ever since the Brighton handicap, and was too ill to be shipped to Saratoga, where he was entered in the richest stakes. Ram's Horn was generally conceded to be the best horse sent out of the West in many years.

SLOOP EFFORT WINS RACE FOR KING'S CUP

Schooner Queen Came in Ahead, but Lost on the Time Allowance.

(By Associated Press.)
NEWPORT, R. I., August 8.—P. M. Smith's little sloop Effort won today's race for the King's Cup. The schooner Queen, owned by J. Rogers Maxwell, led the fleet at the finish, but lost the race by nine seconds on time allowance. The race was sailed in fine clear, top sail breeze from the east, over a 9 1/2 mile course, seventeen miles of which was a beat to windward in a smooth sea. The Queen led nearly the entire distance, but the Effort reached for the finish very fast, and just clinched the race. Nine starters started. The name of the Effort and her owner will be the first to be inscribed on the trophy presented to the New York Yacht Club by King Edward VII.

(By Associated Press.)
COWES, August 8.—Sir Maurice Fitzgerald's Satanita won the Emperor William's cup. Colonel Baggot's cutter Crocus was second. Eight racers started, with a fine easterly breeze blowing. The contest for the King's Cup is the event of the greatest interest during the yachting week here.

TRUCKERS HERE FOR FOUR GAMES

Barley Kain's Men Meet Lawmakers in Series Which May Change the Standing.

The Lawmakers are here to-day to tackle Barley Kain's bunch of Truckers, who have been playing such good ball this week, and who are very anxious to move away from the last place even though they have to do it by pushing Richmond into the fourth column. Schuman, the big twirler, will likely work in one of the four games to be played—there will be a double-header on Saturday. And it is probable that the big box artist will pitch both of these games. Gull and Eckelton and Salve and Drew will likely work for the Lawmakers. Drew will perhaps pitch to-day's game, and he is said to be feeling in fine fettle for the men who come from Portsmouth.

MANY CALLS FOR THE AMBULANCE

Jim Simmonds Touches Revolvering Saw and Has Two Fingers Cut to Bone.

MATILDA DID NOT LIKE JIM

Small Colored Boy Tears Gash in Finger With Barbed Wire in Getting Off Fence.

Jim Simmonds, a white man, working at the Rountree trunk factory, was cut by a buzz saw yesterday afternoon, and the ambulance was called. Two fingers were cut nearly to the bone. Dr. Mason treated and left him.

Joe Furgess, a bell boy at the Richmond Hotel, was playing with a friend at 6:30 o'clock yesterday evening, when the latter placed a knife in Joe's side. It went with such force that it entered a bone and stuck there. Dr. Mason attended him, after which he was sent to his home in a carriage. The boy refused to give the name of the person who owned the knife.

Anna Bann, of No. 24 West Duval Street, struck her forearm against the corner of a bed so hard that an artery was severed. The ambulance responded, and Dr. Mason ran his little needle across the wound four times.

Jim Brooks had hard luck at 5:50 o'clock yesterday evening. He was in the stables at Twenty-eighth and Dock Streets. Jim was standing behind a mule named Matilda. The beast did not like Jim's looks and raised her heel. Jim jumped to the side, and ran a splinter in his finger two inches long.

Matilda, at the same time landed on his leg, and inflicted a serious bruise. Dr. Mason fixed him up and had him sent home.

Little Percy Taylor, colored, was sitting on a fence at 10 o'clock last night, near Marshall and Fifth Streets, looking at some white folks enjoying a lawn party. Somebody came toward him, and Percy thought he better run. But in jumping over the fence, he caught his finger in a barbed-wire and tore it almost to the bone. Dr. Mason fixed him up all right, and sent him home.

NEGRO CHAIRMAN.

John G. Capers Controls the South Carolina Convention.

(By Associated Press.)
COLUMBIA, S. C., August 8.—The Republican State convention met here today to elect a State chairman and reorganize the executive committee. The only contest of the convention was the selection of a chairman. The faction led by John G. Capers supported Edmund H. Davis, negro, and proposed a vote of 888 to 26, over John R. Tolbert, supported by a faction headed by District Attorney Ernest F. Curran.

Capers and his friends were in complete control of the convention. Resolutions were adopted congratulating the nation for its continued prosperity, commending the work of both houses of Congress and the patriotic President of the United States. It was decided not to put out a State ticket.

MORRIS HAS BEEN CAUGHT AND PROBABLY LYNCHED

(By Associated Press.)
MACON, GA., August 8.—Chief of Police Connor to-night received a telegram from Birmingham, Ala., August 8, stating that Joe Morris, a negro who recently attempted to assassinate George Bloodworth and family, near here, had been captured.

The attempted assassination of the Bloodworths aroused great indignation, and there have been threats that the negro would be lynched if caught. It is thought here that if the reported capture is true, Bloodworth is in a critical condition.

TO TAKE NO ACTION IN CASE OF LEPER

(By Associated Press.)
WASHINGTON, D. C., August 8.—No action will be taken by the United States government authorities concerning George Rosel, the Syrian leper, who, it was thought, might be a proper subject for deportation. Informants have been received by Surgeon-General Wynnan, of the Marine Hospital Service, indicating that the man has been in this country about four years, and that the disease of leprosy developed in him after he had been in the United States two years.

Cannot Move School.

(By Associated Press.)
HUNTSVILLE, ALA., August 8.—Judge David D. Shelby, of the United States Court of Appeals, has rendered a decision in the case of the city of Lake City, Fla., against the State Board of Control and the State Board of Education, denying the appeal for an injunction to restrain the removal of the State University from Lake City to Gainesville.

The litigation relative to the University at Lake City grew out of the legislative act passed by the Florida General Assembly providing for the consolidation of the agricultural schools of Florida into one great institution at Gainesville.

(By Associated Press.)
SOZHOWICZ, RUSSIAN POLAND, August 8.—A bomb was thrown to-day into a crowded waiting-room at the railway station. One man was killed and many were wounded. A frightful panic ensued, resulting in injury to many other persons. Women fainted and children were trampled upon. The thrower of the bomb escaped.

Terrorists Are Active.

(By Associated Press.)
WARSAW, AUG. 8.—Terrorists are continually attacking and robbing postoffices, government spirit shops, treasuries and banks. The government has ordered that henceforth the inhabitants of villages, communities and cities in or near which such crimes occur shall pay the losses resulting from such robberies.

LEADERS UNDECIDED AS TO WHAT TO DO

Papus, the 'Spiritualist, Who Influenced Emperor, Has Gone Abroad.

(By Associated Press.)
ST. PETERSBURG, August 8.—The Bourse Gazette announces that Papus, the spiritualist, who is said to have had great influence over the Emperor, has gone abroad for medical treatment, as his nervous system is shattered by the press revelations. According to one paper, Papus gave fifty séances to the Emperor, receiving \$25,000 as compensation.

The chief of police of St. Petersburg has completed the suppression of all clubs, associations and trades unions by shutting up their headquarters, and the men out of work.

The Constitutional Democratic leaders are undecided as to what course to pursue. They appear to be awaiting developments. Professor Milukoff has gone abroad, and M. Petrunkevitch frankly admits that he does not know what to do.

He expects that a convention of the Constitutional Democrats will be summoned to meet in September and decide on the future tactics of the party. If the government declines to permit the convention to meet at Moscow, or elsewhere in Russia, it will be held in Finland.

M. Petrunkevitch says his advice for the country is to let the villages be in a state bordering on chaos. The peasants do not recognize any authority, and talk only of the distribution of lands.

CAPTURED AFTER THE MEETING

Peasant Members of Late Russian Parliament May Incur the Death Penalty.

(By Associated Press.)
ST. PETERSBURG, August 8.—M. Onipko, the peasant member of the late Parliament, who was captured red-handed at Cronstadt, after the mutiny there, will be tried, it is said, semi-officially, according to the rules of war for inciting and participating in armed revolt, the penalty for which is death. The authorities are convinced that they have a good case against M. Onipko, and hope that it will involve several other prominent extremists in the late Parliament to such an extent to prevent their relation to any further Parliaments.

The ministry already is beginning a far-reaching campaign preparatory to the election of a more tractable parliament in December. The ministers insist on a programme that will consist of the promulgation of definite reforms and the nomination of candidates who will represent the peasant, as well as the one in the peasant assembly. They disclaim all intention of attempting to throttle public sentiment, but it is noticeable that their first step was taken through the police, who were asked to report on the possible treason of the cabinet to-day was devoted to measures of famine relief, which is recognized as one of the most urgent problems in the administration, as well as being an eloquent campaign argument.

It was decided to recommend to the Emperor an additional credit of \$27,500,000 in addition to \$7,500,000 voted by Parliament for this use, \$25,000,000 of which sum is to provide food to keep the stricken people from starving, and the remainder for the purchase of seed grain.

The office of the Minister of the night reports the formation at Yekaterinburg.

Quality Did It!

The fact that SCHNAPPS is so widely imitated only proves that it is the best chew—the standard flat plug. Other plugs are made to imitate the size and shape and color of SCHNAPPS—other tags are made to look like SCHNAPPS tags—yet there are more pounds of SCHNAPPS chewed annually than all other similar tobaccos.

SCHNAPPS is made of only choice selections of well matured, thoroughly cured leaf, and in factories as clean as the cleanest kitchen, situated in the very heart of the greatest chewing tobacco growing country, by men of life-long experience in tobacco manufacturing, and who have directed the R. J. Reynolds Tobacco Company since 1875.

SCHNAPPS has the pleasing, appetizing aroma which created and popularized the fondness for chewing. Expert tests prove that it requires and takes a smaller amount of sweetening than any other kind—and has a wholesome, stimulating and satisfying effect on chewers.

Internal revenue statistics show that SCHNAPPS and other of the Reynolds brands won enough chewers in one fiscal year to make a net gain of six and a quarter million pounds, or one-third of the entire increased consumption in the United States on chewing and smoking tobacco.

HOME FOR WOMEN PRACTICAL PRISON

Inmates of Institution Liberated by Order of District Attorney.

(By Associated Press.)
BOSTON, August 8.—District Attorney John B. Moran sent an officer to the Massachusetts Home for Intemperate Women to-day with orders to release every inmate. There were thirty women in the institution, and the officer carried with him a notepaper for every inmate. The women were liberated.

It was at the District Attorney's office that this action was taken following the discovery that instead of being a home, the institution was practically a prison, the inmates being deprived of their liberty and forced to work from morning until night, the proceeds of their labor going to them. Mrs. Julia Ward Howe is the president of the institution.

DEPORT PREACHERS FROM SOUTH AFRICA

Want to Get Rid of American Negro Preachers Who Advocate Black Supremacy.

(By Associated Press.)
LONDON, August 8.—It is being suggested that a small party of American negro preachers, who have been advocating the Ethiopian propaganda, "Africa for the Africans," should be deported from South Africa. The government has not taken any action, and it is a question whether it will. The agitation against the preachers has been revived by the recent trouble at Capetown, for which they are held by certain London papers to be partially responsible. They have made no secret of their mission to South Africa, advising the natives to use their efforts to secure supremacy in that part of the world.

The attachment was made to-day by agents of Walter H. Linforth, an attorney, acting for a few policyholders whose claims total about \$800,000.

CONVICTS BREAK AWAY AND TAKE LOCOMOTIVE

(By Associated Press.)
VALDOSTA, GA., August 8.—A special train from Milledgeville, Ga., says two negro convicts, "Boh" Henderson, serving a life sentence, and "Feto" Williams, serving a twenty-year term, escaped from the convict camp to-day by boarding a locomotive and dashing down the track about four miles, where they abandoned the engine. They reversed the engine, sending it back to Milledgeville at the rate of forty miles an hour. It was stopped by sending it against a row of empty freight cars on a side track.

MILLER WAS ANXIOUS TO SEE PRESIDENT

Said He Had Lost His Pension Papers and Was Prevented from Getting His Money.

(By Associated Press.)
NEW YORK, August 8.—Henry Miller, who said he was formerly an engineer on the Central Railroad of New Jersey, was turned back from Oyster Bay when he went to-day to see the President. The town constable put him on the train for New York. Miller first applied to Sheriff Childers at Mineola and asked him to escort him to the President's home. Miller said he had lost his pension papers, and could not draw his pension, and that his mind was kept from him by unknown persons. The sheriff said that Miller admitted that he had been an inmate of a Connecticut insane asylum. Miller stated on seeing the President, and the sheriff warned the Oyster Bay constable that Miller was on his way.

One Soldier Killed in Mountains; Another One Dies in Hospital.

(By Associated Press.)
AUSTIN, TEX., August 8.—Two deaths occurred at Camp Mabry to-day, making three fatalities since the Federal troops mobilization began on July 26th.

Jesse Cantlas, of Fort Worth, attached to Troop K, of the First Cavalry, U. S. A., was shot while in the mountains during the manoeuvres.

All the men are supposed to have had blank cartridges in the guns, and it is not known how the killing occurred. The other death to-day was that of Roger W. He was hurt, it is said, in a personal encounter before he arrived at camp Monday morning, and he was sent to the city hospital, where he died to-day.

HE COMMITTED SUICIDE RATHER THAN SELL LIQUOR

(By Associated Press.)
ST. LOUIS, August 8.—After writing a note saying that he took his life rather than again earn his living by selling liquor, Ernest Steinhardt, fifty-seven years old, whose home is said to have been at No. 205 West Severn street, New York City, committed suicide to-day by taking morphine. Steinhardt was formerly a traveling salesman for a Kentucky whiskey house, but resigned at the request of his wife. He tried other occupations, but failed, and became dependent.
